Call for Contributions

We recognise that investigating and narrowing award gaps is multifaceted, and therefore welcome contributions covering the following areas:

- Developing an inclusive student experience
- Designing and evaluating support mechanisms or interventions
- Enhancing employability
- Modifying learning and teaching practices
- Building community and student belonging
- The impact of staff representation
- Decolonisation practices
- Other related issues

Activity

Share institutional experience

- Think about a project
- How would you describe it to a colleague
- What did you do?
- Why did you do it?
- What did you learn?
- What were your indicators of success?
- What would you do differently?
